- Restaurant Links: [Github](#) & [Website](#)

Skills/Abilities

Languages:

HTML/HTML5, CSS/CSS3, JavaScript, Typescript, Python

Libraries/Frameworks:

React.js, Node.js, Bootstrap, Tailwind CSS, Express.js, Socket.io

Databases:

MySQL, MongoDB

Tools/Platforms:

Git/GitHub

Work Experience

Full Stack Developer - Freelance, 100Devs

June 2022 – Present

- Engaged with the 100Devs online community to collaborate and connect with fellow freelance developers.
- Participated in group projects and discussions to expand knowledge and skill set in software development.
- Gained valuable insights into best practices and emerging technologies in the field.
- Acquired resources and guidance to navigate the dynamic landscape of software development.
- Contributed to the community and continued to learn and grow professionally through active engagement.
- Developed and launched a comprehensive full-stack content management system (CMS) called Namazzyy, which efficiently manages prayer times for various mosques.
- Developed static websites for local businesses, collaborating with owners to ensure alignment with business objectives and brand identity.

UI/UX Developer, Visual Labs IT Services

June 2021 – November 2021

- Designed and developed the front-end for a fully functional e-commerce web app using HTML/CSS, Bootstrap, and React.js as a UI/UX Developer at Visual Labs.
- Demonstrated adherence to the project's defined software development life cycle (SLDC) and methodology (SDM) to ensure the timely delivery of the project.
- Deployed the e-commerce web app on Firebase to ensure its availability and scalability.
- Improved the existing design to enhance the user experience and achieve better engagement.
- Developed two WordPress websites in accordance with the client's requirements.

Software Developer, Visual Labs IT Services

June 2020 – August 2020

- Translated UI/UX wireframes into functional and responsive web pages using JavaScript, HTML, CSS, and Bootstrap during an internship with Visual Labs in 2020.
- Collaborated with clients to ensure that website development aligned with their business objectives and brand image.
- Demonstrated proficiency in web development and adherence to client specifications while delivering high-quality websites on time.
- Contributed to the development of multiple websites during the internship.

Education

B.E. Computer Engineering |
Mumbai University, (CGPA: 8.97/10)

AUGUST 2018-MAY 2022
